NOTICE TO ALL SUPPLIERS!

The Eastern Cape is currently at **80 % compliance** with the submission of **Proof of Address (PoA)** on the **Central Supplier Database (CSD)**. Suppliers were given sufficient time to upload their PoA. Several notifications were sent to suppliers to update their profiles, especially on the uploading of their POA.

Please note that National Treasury, as the **custodian of CSD**, will commence the process of de-activating **non-preferred or secondary physical addresses that do not have a valid PoA loaded onto their CSD profile**. This is the **final opportunity** for suppliers to upload their **PoA** to avoid being de-activated on the CSD.

Failure to comply will result in suppliers being unable to bid for tenders or conduct business with the State. Suppliers are therefore encouraged to **log into their CSD profiles as soon as possible**, ensure their details are up to date, and to upload a valid **PoA**.

For any further inquiries, please contact the **CSD support team** or the relevant provincial treasury office.

CSD- FREQUENTLY ASKED QUESTIONS AND ANSWERS

1. Supplier(s) that cannot login on CSD

2. Supplier Banking Details Failed

Questions (What can I do)	Answers
Banking Details Failed i. Incorrect Company Name/Surname	When you get this error message, it means what you have Captured on CSD under Bank/Account Holder Name is not the same as what the Bank has, For Example my company is CSD TRADING (PTY) LTD and the bank has written it as such on their System but when you put it on CSD under account holder name and you just type CSD TRADING it will return the "Bank Verification Failed error message and the reason will be incorrect company name or surname. If the name of the company is, too long (e.g. MASIBAMBISANENI BAFAZI TRADING AND PROJECT PRIMARY COOPERATIVE LIMITED). There are high chances that this name will fail even if you included exactly as it is in the bank letter, so we advise Supplier to visit bank and request a screenshot of banking system to verify if how is it written in the banking system. The following are the systems used by various banks. i. FNB – HOGAN ii. NEDBANK – BANKING PLATFORM iii. ABSA – CIF SCREEN

	iv. STANDARD BANK – BANKING LOOKUP SCREEN
ii. Incorrect ID or company registration number	Supplier should ensure that their bank account is Active meaning it is not a reserved account because CSD does not verify Reserved Accounts . Supplier should ensure that the ID and the Company Registration Number is linked to the Account Number .

3. Other common CSD related questions

Questions (What can I do)	Answers
i. Suppliers in Deregistration Process.	Supplier should file his/her CIPC Returns so that the status can reflect “ In Business ”
ii. Supplier's Tax is non-compliant.	SARS Requires all companies to file their returns twice a year (by the 28 th of February and by the 31 st of August) it is the responsibility of the supplier to make sure that all their returns are up to date to avoid Non-Compliance.
iii. Supplier's Tax is non-compliant	B-BBEE expires after a year from date of issue. There are 3 types of BEEs you can get: B-BBEE certificate from SANAS accredited agency, B-BBEE certificate from CIPC, Sworn Affidavit from Commissioner of Oath
iv. Supplier's Tax is non-compliant	Supplier should ensure that all the SBD documents are signed and declare when necessary and make sure they complete the job as per the order.
